## **POSTERS AND POSTER BOARDS**

The dimensions of the poster boards are 96cm wide x 185cm high, so your posters should be no larger than A0 size in portrait orientation (84cm wide x 119cm high).

It is very important that your poster is no bigger than A0 otherwise it would encroach on the space available for the adjacent poster – we will not accept posters that do not fit on the poster boards.

Posters must be fixed to the boards using the fixings that we will supply; you can make your poster as a single sheet, or as a number of separate sheets which are fixed individually.

We advise that you bring an electronic version of your poster with you so that it can be reprinted if necessary.

If you do not want to print your poster and bring it with you, there are a number of print shops available in Cape Town where you can have your poster printed at a reasonable cost.
